 - 675 hours

- varies
- Part-time, Distance (2-5 semesters)
 - Fall-Spring-Summer
 - 675 hours
 - varies

* Calculations based on a 16-week semester, the hours per week are *approximate* and may be affected by scheduling. Summer semesters are 12 weeks. The student and the agency will discuss scheduling prior to starting the placement. If the student anticipates taking time off during the placement or over any of the semester breaks, they must arrange this with the agency.

Each academic credit equals 45 field clock hours (10 academic credits = 450 hours)
